

Cleary

CLEARY GOTTLIEB

Diversity and inclusion

are central to our firm's founding principles and ongoing identity. Our lawyers—who are comprised of different ethnicities, cultural backgrounds, sexual orientations, and religious beliefs—make us a better firm and are vital to our ability to offer excellent service to clients.

Cleary collaborates closely with organizations that work to advance diversity and inclusion at our firm and in the legal profession. Our lawyers have the opportunity to invest in their professional development through various programs and to serve in communities that are often underrepresented in the profession.
