

Different points of view

A dynamic law firm begins with people from all backgrounds. At Eversheds Sutherland, our success is directly related to our long-standing commitment to recruiting and retaining a rich array of talent and experience. We believe that diverse skills, knowledge and viewpoints make us a stronger, more productive law firm.

8th consecutive year

For the eighth consecutive year, we were named a "Best Place to Work for LGBT Equality" by the Human Rights Campaign, America's largest civil rights organization working to achieve lesbian, gay, bisexual and transgender (LGBT) equality. Eversheds Sutherland once again earned a perfect 100% score on the Human Rights Campaign Foundation's Corporate Equality Index. The survey rates businesses on a scale from zero to 100% on their treatment of LGBT employees, consumers and investors.

6th year in a row

For the sixth year in a row, Eversheds Sutherland was given the "Gold Standard" recognition by the Women in Law Empowerment Forum (WILEF). WILEF is the premier forum for women in law firms with more than 300 lawyers practicing in the United States. We were one of only 44 law firms to receive the Gold Standard Certification in 2017.

We are proud of our history and ongoing accomplishments in promoting diversity within Eversheds Sutherland and the legal community. For more information about our programs to enhance diversity and inclusion across the legal profession, please contact:
